It was noted under Local Government reorganisation that the Parish Councils duties may be increased following reorganisation.

**21.25 Clerks Reports:** Agenda sent to all on mailing list and posted on website and noticeboard

**a) Sustainability:** Cllr Earnshaw referred to the Coleby Parish Neighbourhood Plan which had raised areas where improvements are needed. Transport is one area and a better bus service would assist villagers and local businesses. Clerk to write to Dame Andrea Jenkyns, Mayor of Greater Lincolnshire, and to copy in all the local councils with a precise request. The future of the school is also important. There appears to be a lack of knowledge of the existence of a school in Coleby/ Signage on the A46 and into the village may help to increase awareness. Clerk to contact Highways to request signage.

**b) Budget and Precept Setting:** Councillors considered the budget plan prepared by Cllr Brewer and the advice of LALC on budget setting for the 2026/2027 year. Cllr Brewer proposed and Councillor Long seconded a proposal to seek a 5% precept increase. This was voted upon with 5 councillors approving and 1 non-approval. A 5% increase was **approved**.

**c) Neighbourhood Plan Update:** Clerk to process with Steve Kemp to get the update circulated to residents.

**d) Parish Council Email:** A new gov.uk domain is being purchased and with the help of Tony Shaw of LALC the new emails are being obtained. Cllr Pedersen enquired about back up for the old email. The Clerk will take this up with web maintenance at LALC.

**e) Restriction for HGV vehicles Blind Lane:** Cllr Carrington to be requested to consider a weight restriction on all entrances to the village following meeting with Rowan Smith of Lincolnshire County Council Highways. Walk about with Cllr Carrington and Rowan Smith 16<sup>th</sup> February to discuss all road issues.

**f) Fosse Green Energy Solar Park:** The Planning Inspector held a preliminary hearing on the 6<sup>th</sup> and 7<sup>th</sup> January 2026. Written submissions relating to issues raised to be lodged by 20<sup>th</sup> January 2026. Three changes to application proposed. There will be a public meeting in March when the public will be able to speak in an open forum to give their views on the application.

Representations should be site specific and not repeating earlier comments. Parish Council to respond further. Councillor Brewer to draft response for approval and submission by 20<sup>th</sup> January.

**g) Street Lighting:** Councillor Brewer has progressed matter and established that there are 6 old lamp posts. This does not include the 4 wooden posts on which other services are also attached. Councillors agreed that there was no need to change the 3 poles from the playing fields entrance to the A607. Highways have suggested cutting down the remaining 3 poles repainting them black and attaching a lantern lamp the same as the new lamps. Councillors were concerned that repainted posts would require maintenance. Clerk to request cost of new lamp posts and lamp. This may be more economical in the long term. Grant availability to be considered.

**h) Cemetery Regulations:** Councillors confirmed that these had been **approved** at the previous meeting.

**i) Road Repairs Hill Rise:** These are now complete although there is some damage to the new tarmac from fire. Clerk to report.

**j) Viking Bench:** The clerk has confirmed to Lincolnshire County Council that the offer of a bench for the Viking Way is accepted. Awaiting location and design.

**j) Trees on Dovecote Lane:** These are still a problem. Matter to be discussed with highways and Councillor Carrington on 16<sup>th</sup> Feb.
